### **Exhaust arm**

Art. No.: 79 504

#### **Technical Data**

Basic data	
Weight	23 kg
Additional information	
Exhaust arm type	rigid metal tube arm
Diameter extraction arm	150 mm
Length of exhaust arm	4 m
Joints	1

### **Applications**

- · For connection to fans or central extraction systems
- · High levels of smoke and particles
- · Non-stop operation
- · Welding fumes, gases, vapours, light dusts

#### **Benefits**

- Fast operation due to particularly flexible adjustment
- 40% less adjustment of the exhaust arm needed due to exhaust hood design
- User-friendly due to particularly smooth movement of the hood with one hand
- · Arm keeps position due to self-supporting design
- Various options to connect the exhaust arms to fans, stationary devices or via duct work to central extraction and filtration systems

#### **Properties**

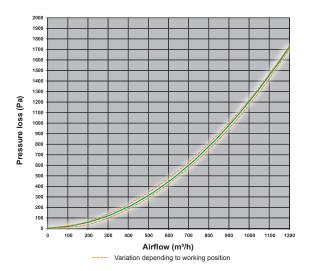

- · 360 degrees rotating exhaust hood with damper
- · Self-supported by internal springs

#### **Scope Of Supply**

- · Exhaust arm with hood
- · Wall bracket

## **Pressure loss**
