

Welding Training Table, without drawer

Art. No.: 95 026

Applications

- Apprenticeship and training centres
- Training departments in companies

Benefits

- By dividing the work surface, various welding operations can be taught at one workstation
- Durable due to robust steel construction

Properties

- Robust steel profile construction
- Two-section work surface: iron bar grating and sheet steel support surface with refractory material
- Can be integrated into KEMPER extraction booths
- Without drawer

Technical Data

Basic data

| | |
|------------------------|---------------------|
| Depth | 600 mm |
| Height | 800 mm |
| Dimensions (w x h x t) | 1200 x 600 x 800 mm |

Scope Of Supply

- Iron bar grating
- Robust, welded, steel profile construction
- Sheet steel support surface with refractory material

Accessories

- Forced position welding fixture
