

Welding Curtain, Red, DIN EN ISO 25980

Art. No.: 70 100 400

Technical Data

| Basic data | |
|------------|------------------|
| Width | 1300 mm |
| Height | 1600 mm |
| Thickness | 0.4 mm |
| Weight | 1,30 kg |
| Colour | red |
| Standard | DIN EN ISO 25980 |

Applications

- For separating individual work and factory areas
- Protection against dangerous radiation from welding arcs and splashes
- visual protection
- Light dimming

Benefits

- Rugged suspension system due to reinforced eyelets and tear-proof hem
- Curtain can be moved aside due to fastening using eyelets or sliding hooks
- Curtain size can be varied by use of snap fasteners

Properties

- For fixing on a tube or a C-profile
- Reinforced hems on all sides to prevent tearing
- DIN EN ISO 25980 certified
- Reinforced eyelets for fixing
- Sealed-in plastic snap fasteners
