

Protection Curtain S0, Transparent

Art. No.: 70 100 502

Technical Data

Basic data	
Width	1300 mm
Height	2000 mm
Thickness	0.4 mm
Weight	1,6 kg
Colour	transparent
Type	S0

Applications

- For separating individual work and factory areas
- Protection against dust, drafts, wet and grinding sparks

Benefits

- Rugged suspension system due to reinforced eyelets and tear-proof hem
- Curtain can be moved aside due to fastening using eyelets or sliding hooks
- Curtain size can be varied by use of snap fasteners

Properties

- For fixing on a tube or a C-profile
- Reinforced hems on all sides to prevent tearing
- Self-extinguishing, class K 1, as per DIN 53 438, part 2
- Reinforced eyelets for fixing
- Sealed-in plastic snap fasteners
