

FilterTable

Large work surface

Fully usable working area of 120 cm x 80 cm thanks to downdraft extraction.

Safe integration in workshops

40 cm protective side panels protect surrounding workplaces from radiation and spatter.

Easy service

Particularly convenient filter change via the maintenance door on the front.

Two filter stages

Service life extension of the 16 m² main filter thanks to the aluminium mesh pre-filter.

Activated carbon filter (optional)

An optional activated carbon insert is available to neutralise odours.

Solid industrial quality

Robust sheet steel housing for industrial use with height-adjustable feet to compensate for uneven surfaces.
