

# Main filter 50m<sup>2</sup>

Art. No.: 390 40 001

## Properties

- Easy and quick installation
- Large filter surface
- High collection capacity
- High filter efficiency
- Light, compact and stable construction

## Technical Data

Filter	
Filter method	Disposable filter
Filter surface	50 m <sup>2</sup>
Type of filter	Compact filter
Filter material	nano-cellulose
Foam gasket	sealing without end, polyurethane
Filter efficiency	> 99,8 %
Dust classification	M
Additional filters	Pre-filter (aluminium)
Basic data	
Height	1106 mm
Diameter	1064 mm
Weight	60 kg
