

Main filter 100m²

Art. No.: 390 45 001

Properties

- Easy and quick installation
- Large filter surface
- High collection capacity
- High filter efficiency
- Light, compact and stable construction

Technical Data

Filter	
Filter method	Disposable filter
Filter surface total	100 m ²
Type of filter	Compact filter
Filter material	nano-cellulose
Foam gasket	sealing without end, polyurethane
Filter efficiency	> 99.8 %
Dust classification	M
Additional filters	Pre-filter (aluminium)
Basic data	
Height	1496 mm
Diameter	1064 mm
Weight	81 kg
