Exhaust arm

Art. No.: 79 502

Technical Data

Basic data	
Weight	17 kg
Additional information	
Exhaust arm type	rigid metal tube arm
Diameter extraction arm	150 mm
Length of exhaust arm	2 m
Joints	1

Applications

- · For connection to fans or central extraction systems
- · High levels of smoke and particles
- · Non-stop operation
- · Welding fumes, gases, vapours, light dusts

Benefits

- Fast operation due to particularly flexible adjustment
- 40% less adjustment of the exhaust arm needed due to exhaust hood design
- User-friendly due to particularly smooth movement of the hood with one hand
- · Arm keeps position due to self-supporting design
- Various options to connect the exhaust arms to fans, stationary devices or via duct work to central extraction and filtration systems

Properties

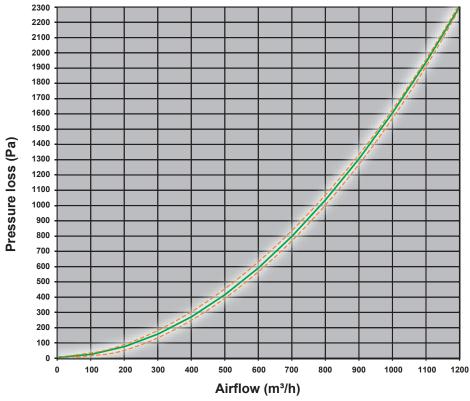

- · 360 degrees rotating exhaust hood with damper
- · Self-supported by internal springs

Scope Of Supply

- · Exhaust arm with hood
- · Wall bracket

Pressure loss

--- Variation depending to working position

Dimensions
