

# Suction and pressure hose up to 100°C

Art. No.: 114 0726

## Applications

- Extraction of dust and fine shavings
- Air conditioning and ventilation
- Welding fume/dust extraction

## Properties

- PVC coated polyester fabric
- Very light and flexible
- Fire retardant and compressible
- Temperature range : up to + 100 °C
- permanently antistatic ( $R \leq 10^8 \text{ Ohm}$ )

## Scope Of Supply

- Two hose clamps
- 

## Technical Data

Basic data	
Working pressure in PA	8000 Pa
Diameter	200 mm
Lenght in m	7.5 m
Material	polyether polyurethane
Bending radius	140 mm
Weight	1.02 kg/m
Wall Thickness	0.4 mm
Colour	transparent
