

Suction and pressure hose up to 100°C

Art. No.: 114 0728

Applications

- Extraction of dust and fine shavings
- Air conditioning and ventilation
- Welding fume/dust extraction

Properties

- PVC coated polyester fabric
- Very light and flexible
- Fire retardant and compressible
- Temperature range : up to + 100 °C
- permanently antistatic ($R \leq 10^8 \text{ Ohm}$)

Scope Of Supply

- Two hose clamps
-

Technical Data

Basic data	
Working pressure in PA	5000 Pa
Diameter	250 mm
Lenght in m	2.5 m
Material	polyether polyurethane
Bending radius	205 mm
Weight	1.28 kg/m
Wall Thickness	0.4 mm
Colour	transparent
