

MaxiFil

Comfortable operation

Comfortable adjustment of self-supporting exhaust arm into every desired position with only one hand.

360° Radius

Maximum flexibility of exhaust arm for use without any restrictions.

LED work light (optional)

Allows a good view onto the workpiece which leads to a better performance and supports the operator to re-position the hood.

Safe and easy filter change SCF

No contact with hazardous fine dust due to dust-free filter change.

XXL Filter, 42 m²

Very economic due to long lasting high capacity filter.

Start-Stop automatic (optional)

The link to the welding machine is saving time and energy

40 % better capture rate

Less re-positioning work of exhaust arm due to larger capture area of the flanged hood.
